

WEEKLY UPDATE

June 5, 2020

Dear Residents and Families/Representatives,

As we approach summer and states are slowly starting to reopen, we want you to know that the staff at Hearthstone of Northern Nevada continues to work hard to prevent further spread of COVID-19 in our facility.

As of today, we tested 117 residents and 116 staff members and we are happy to report that all residents and staff tested negative for COVID-19! We will continue to offer tests as needed.

In addition to the increased safety precautions we have previously reported, we continue to monitor our residents three times a day and our staff members twice a day for symptoms. All new admissions are placed on a 14-day quarantine. Staff are assigned to designated areas to prevent possible spread and exposure, and the facility has a designated area where COVID patients would be placed if the need were to arise. We are committed to stopping the spread of this virus in our community and we will continue to work with our federal, state and local health officials to implement all necessary protective measures.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 775-626-2224.

Sincerely,

Susan Magluilo
